

Community Liaison Group 6

Summary of meeting

Date: 20 November 2025

Attending organisations:

Cambridgeshire ACRE	Doddington Parish Council
Fenland Bridleways Access Group	Great Ouse Valley Trust
Chatteris Town Council	Fenland District Council
The British Horse Society	Representatives of the Horseway Community
The Chatteris Feofee Charity	Manea Parish Council

Time:	7-9pm
Location:	The Annexe at King Edward Centre, Chatteris
Welcome and introduction	
The chair welcomes members to the sixth Community Liaison Group (CLG) meeting and goes through outstanding actions from the previous CLG meeting. All these actions have been completed by Anglian Water (AWS).	
Programme update: Phase three consultation	
AWS provides an update on project timeline, explaining there is one more round of public consultation to come. Questions are asked by members on the timeline.	
Socio-economic strategy	
AWS provides a summary of its socio-economic strategy, explaining that there may be employment opportunities for construction workers. Questions on employment opportunities are asked by members.	
Our consultation events and how to provide feedback	
AWS provides an update on the current phase three consultation, explaining that there is a final consultation event to go on Friday 21 November. AWS reminds members on how they can provide feedback by the deadline of 10 December.	
Reservoir design / masterplan	
AWS updates members on its latest indicative reservoir design and how proposals have changed at CON3. Questions are asked by members on wetland, floating solar, and access to the reservoir from nearby villages.	
Construction and traffic and transport	
AWS presents its initial construction and traffic and transport plans for the project, including duration of construction, pre-works and potential construction impacts. Points are raised by members on suggestions for reducing traffic impacts.	

Fens Reservoir

Associated water infrastructure (AWI)
AWS provides an update on its associated water infrastructure. Questions on the proposals are asked by members.
Environment
AWS provides an update on its approach to the environment.
Meeting closes
Presentation ends at 8:45pm and members have a breakout session, asking questions to the project team about specific areas of the project.
